

**ATTN: ELLEN CYRUS**

Weekly Broadcast Registration Subscriptions are FREE

The Weekly Kids Plus Broadcast is a community tool for getting information to you about community events and activities. When you register to receive the broadcast, you will receive a voicemail message and a text message on the cell phone for which you provide a number, each Sunday evening at 5:30 pm.

The information you receive may contain abbreviations for days of the week or other familiar information. The messages have a limit on how many letters are used so we try to include as much information as possible within the limit.

Once registered, Ellen Cyrus will contact you to verify your registration. You may have event information you wish to have included in a broadcast. Ellen will decide if it will be included.

Your contact information is NEVER shared with other organizations. If you decide to end your FREE Subscription, Contact Ellen Cyrus to be removed from the messaging system.
